

**FICTION**

# How do Fiction Books Get Organised?

Most libraries organise their fiction books by author's last name rather than by genre. This means that books by the same author will be together in one location.

They are organised using alphabetical order.

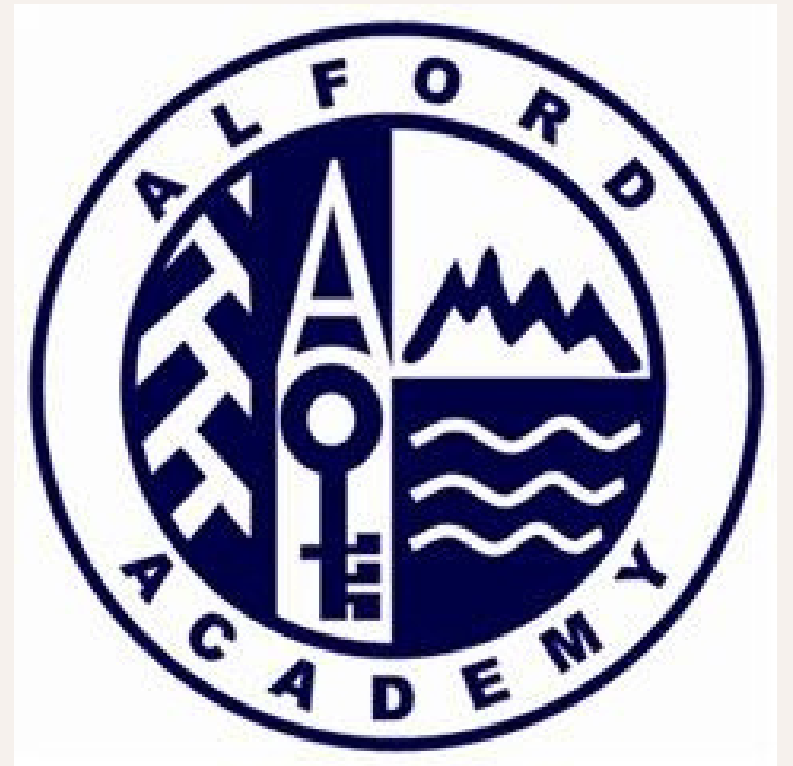

**In Alford library, all Junior Fiction books are organised alphabetically by the author's last name**

**Young Adults books are divided into genres and then are ordered alphabetically by the author's last name**
