Product Description

Our outdoor roofed shelter provides integrated seating for both formal and informal places to sit. This creates places to rest within the park or to give adults and carers the possibility for soft supervision of play in comfort. It also creates a social area for older children.

The Inclusive Play logo highlights the pieces of equipment most suitable to users of varying abilities.

The invitation to socialise in a nice, varied framework allowing for interaction between different ages and abilities and allowing the space for bigger groups of users is always popular. Socialising in a framework allowing for different body positions and supporting those with both sturdy and swaying materials, that can be moved in cooperation, makes the

Double Meeting Point with Movable Hammocks an attraction for the school age children of all ages. The varied seating on the bar, on the seats and not least in the gently swaying hammocks that can be pushed closer to each other or further apart to suit varied play scenarios allows for users across ages, abilities and different group sizes to meet and interact.

FRE3000

Cosmos Meeting Point

Cosmos Meeting Point

FRE3000

This unique design is very spacious and appealing to all. The Meeting Point is the perfect place for getting together with friends or relaxing. The roof consists of 4 screens providing protection from all types of weather conditions, while also providing a great view of the sky. The curved design of the comfortable benches ensure eye contact with the other

users wherever they are sitting, as there are many different ways to sit on the comfortable benches.

PCM701

Movable Hammocks

Movable Hammocks

PCM701

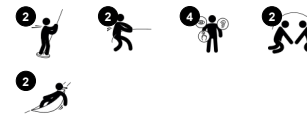

Socialising in a nice framework is a favourite occupation of school age children. These hammocks allow for flexible meetings, offering varied seating on the bar, on the seats and not least in the gently swaying hammocks. The hammocks can be pushed closer to each other or further apart to suit varied play scenarios and the whole unit allows for being used

seated, lying, or standing, thus allowing for users across ages, abilities and different group sizes to meet and interact.

Youth Shelter

A modular, all steel construction makes this Youth Shelter highly resilient and easy to clean. With an overhanging roof, sealed with specially designed waterproof rubber strips it keeps all users dry and provides great wind protection. Designed and developed through a series of consultations with a local authority and two secondary schools. It is available in two colour schemes, Red/Grey and Blue/grey.

Product Description

Youth Shelter

A modular, all steel construction makes this Youth Shelter highly resilient and easy to clean. With a 'bat wing' roof profile, it has no rubber elements but still provides seating and shelter. This version has been designed as a more open unit and is only available as a Half (YOU240) or Split Pod (YOU245).

All Pod Shelters have been designed and developed through a series of consultations with a local authority and two secondary schools. It is only available in two colour schemes, Purple or Blue.
