

## How it works?

### 1. Download BorrowBox.

Got your Young Scot card and the library PIN? Great. If not, speak to one of the librarians to set one up for you. Download the BorrowBox app to your device. It's available on every platform going.

**2. Follow the instructions** to select your library and activate your account. You can get full instructions in our step-by-step video.

### 3. Start borrowing.

You're all set up. It's time to start reading and listening to your local library's collection. Enjoy!

**BorrowBox** brings a huge range of expertly curated and hot-off-the-press titles to your digital shelf in an instant. It's the best way to keep your library stocked with the latest and greatest titles from around the world.
